As former IBM sales executive, Lee White acquired Technology Specialists, Inc. (TSI) in October of 2004. Mr. White's path to leadership mirrors that of all great entrepreneurs; with a sharp focus on enhancing and delivering value for both clients and business partners.

Mr. White received his bachelor's degree in business administration from North Carolina A&T State University in Greensboro, NC with subsequent studies at The Kellogg School of Management at Northwestern University in Chicago.

As President and CEO of TSI, Lee leads a team of highly qualified individuals with expertise in the field of information technology services for the US Federal Government. TSI is an SBA certified 8(a)/Small Disadvantaged Business (SDB) providing technology solutions to federal government agencies and leading prime contractors. Mr. White's business initiatives were designed with one goal in mind; to bring greater value to government constituents via technology solutions.

Since becoming CEO, his vision has led to company growth, business acquisitions and new technology service solutions. Under his direction TSI has launched a variety of offerings focused on network engineering, audio-visual integration, and infrastructure solutions. At the same time, Lee has solidified and enhanced TSI's position as a leading solutions provider.
