TSI Ranked Amongst The Top 50 8(a) Firms

Bowie, MD, October 3, 2012—Technology Specialists, Inc. (TSI), an information technology (IT) services and solutions provider, has been named amongst The Top 50 8(a) Firms in the U.S. Small Business Administration's (SBA) 8(a) National Program. The rankings are based on government procurement data for the 2011 fiscal year. TSI makes this year's list with over \$29 million dollars in prime contracts.

TSI is headquartered in Bowie, Maryland and provides IT expertise in cyber security, data center optimization, unified communication & collaboration, network infrastructure and C4ISR support to the federal government. With offices in South Carolina, Georgia and Louisiana, TSI's headcount has grown by more than 50% in the past 12 months.

President and CEO, Lee White credits the company's growth and sustainment to it's commitment to customers' success and mission assurance. "We are honored to be recognized as one of The Top 50 8(a) Firms. TSI's success is a result of listening to our customers and providing them with innovative solutions to meet their IT requirements; we do this by hiring and retaining great talent. We look forward to continued success" stated Lee White.
